I. Read the Budget estimates of Receipts of District Funds for the year 1893-94.

The estimate for 1893-94, under one anna cess on Land Revenue, has been calculated with reference to the Jamabandi for 1891-92 and the details of assets upon which the cess is calculated are given in the enclosure A.

The estimates under 'Sale of stray cattle' and "Fines for cattle trespass" have been based upon the average of the actuals for the last 3 years as the actuals for 1891-92 was comparatively low, owing to the loss of cattle for want of fodder.

The amounts entered under other heads are based upon the actuals of 1891-92.

The amount of Rs. 450 entered under the head "Contribution" is expected to be realized from the raiyats for whose convenience the well works as shown in the Enclosures B and C, are proposed to be executed in 1893-94 in the Chitaldroog Taluk.

Thus the total estimated Receipts for the year 1893-94, under all heads, amount to Rs. 37,215 against Rs. 38,116 estimated for 1892-93.

The Board resolve that the estimate for 1893-94 be passed. The balance that may stand at the credit of the Board on the 1st July 1893 is estimated at Rs. 38,191 as shown in the margin. Thus the total amount available for expenditure during 1893-94 is Rs. 75,406.

		Rs.	As.	P.
Balance on 1st July 1892 as per Comptroller's No. 363, dated 25th October 1892.		45,026	0	0
Estimated Receipts for 1892-93	...	38,116	0	0
	Total..	83,142	0	0
Expenditure during 1892-93	...	44,951	0	0
Balance on 1st July 1893 ...	...	38,191	0	0

II. Read para 14 of Government Proceedings No. 11,470-4—L. 1063, dated 20th January 1892, stating that the request for the transfer of Chitaldroog-Benkipur Road from District Funds to Provincial Funds will be considered in the Public Works Department.

Resolved that as no final orders have as yet been passed on the subject, the request be renewed. Rs. 120 per mile is granted for this road, but owing to heavy traffic, the road cannot be kept in good order without an additional allotment for metalling the same and for increasing its breadth especially wherever there are embankments. This extra expenditure cannot be borne by the District Funds without interfering with other necessary works. If however the transfer cannot be sanctioned, the mileage allotment be raised from Rs. 120 to 140 from District Funds, as it is very desirable to keep the road in a better order.

III. Read the Budget estimates of Expenditure proposed by the Executive Engineer on account of Public Works to be executed in 1893-94.

Resolved that the same be approved with the following additions :—

(*a*) That a provision of Rs. 2,500 be made for the improvement of Challakere-Pavagada, road and of Rs. 1,500 for opening out Bidarkere-Bharmasagar road. Some work was done to the former last year by the Revenue Department (as Relief Work), and its completion is urgently called for. The latter is a Railway feeder and was sanctioned last year to be taken up as a Relief Work.

(*b*) That the mileage allotments for the margiually noted roads be raised from Rs. 30 to 50 in order to maintain them in a better condition, which is highly necessary.

Davangere ...Hadadi Road.
Haribar ...Harapanahalli Road.
Tarikere ...Hosdurga Road.

IV. Read the list of works proposed by the several Amildars to be carried out in the Revenue Department in 1893-94.

Resolved that a provision of Rs. 5,000 be made for the works described in the Enclosures B and C of the Budget.

V. Read estimate of Civil Charges debitable to District Funds for 1893-94.

The estimate is put down at Rs. 6,559 against Rs. 6,693 sanctioned for 1892-93.

A provision of Rs. 180 has been made for the pay of an additional Statistical Clerk to be newly entertained. There is but one Clerk now both for Municipal and Statistical works, whereas in other Districts these works are done not only by two different Clerks, but an additional Statistical Clerk has been sanctioned though tentatively. The works in these Departments have of late increased to such an extent that it has been found impossible to cope with the same with the existing establishment. The Deputy Commissioner's office itself requires strengthening.

The provision under medical scholarship for 1893-94 has been reduced to Rs. 521 from Rs. 611 in accordance with Government Proceedings No. 5832-43—149 of the 24th December 1887.

The provision for travelling allowance to Hospital Assistants in charge of Local Fund Dispensaries has been omitted for 1893-94, in accordance with Government Proceedings No. 8189-93—202-92, dated 13th December 1892, as the same is to be debited to Provincial Funds.

The provision for house rent for the Dispensary at Holalkere for 1893-94 has been omitted as a new Dispensary building has been constructed.

Considering the prespects of the season in this District at present, and the loss of cattle in the previous year for want of fodder, Government bulls for breeding purposes are not likely to be required during 1893-94. Hence no amount is entered under this head.

The other items call for no special remark.

Resolved that the Budget estimates of Civil Charges amounting to Rs. 6,559 be passed.

VI. The total amount of Receipts and Expenditure for the year 1893-94 as passed by the Board stand as follows :—

	Rs.	As.	P.
Receipts	37,215	0	0
Expenditure by Public Works Department.			
Original works	16,000		
Repairs	14,320		
Establishment	5,610		
Tools and Plant	200		
Reserve for minor works	2,680		
	38,810		
Expenditure by Revenue Officers.			
Original works	3,500		
Repairs	1,150		
Reserve	350		
	5,000		
Civil Charges	6,559		
Total....	50,369		
Excess....	13,154		

Resolved that the excess amount of Rs. 13,154 over the estimated Receipts for 1893-94 be met from the balance of funds at the credit of the Board. The works provided for are of an urgent nature and cannot be conveniently postponed. If the expenditure is to be confined to the annual income, it is not likely that these works could be undertaken in the near future.

B. G. KRISHNAIENGAR,
Offg. Dy. Commissioner and President.
